Balance Keyboard

Product brochure

Contour

Balance Keyboard is built to let your body relax and your work flow. Its thin, low-profile frame sets your hands at a natural angle.

MAXIMUM PAIN RELIEF WHILE YOU'RE WORKING
Balance Full-Size Keyboard is not only ergonomically enhanced - it's the perfect partner to RollerMouse Pro3 and Contour Touch.

EXTRA COMFORTABLE TYPING EXPERIENCE
Balance keyboard features a finely-tuned scissor key system that delivers a smooth, responsive typing feel with every keystroke.

BEST-IN-CLASS PERFORMANCE AND PRODUCTIVITY
Engineered for clarity, speed, and precision, Balance Full-Size Keyboard boasts a universal and familiar full-size layout with full-size arrow and navigation keys for efficient control.

Contours products have been designed to work perfectly together to bring you more comfort, precision, and performance - so you can get back to your best work.

RollerMouse Red

This ergonomic duo keeps your hands close and your posture neutral. RollerMouse Red and Balance Mid-Size Keyboard combines high-performance typing with centered, precise control, and ease strain in your neck, shoulders, wrists, and arms.

RollerMouse Pro

A stylish, eco-friendly mouse designed to reduce pain in shoulders, neck, forearm, and wrist. Made with sustainable materials, it features a patented roller bar to ensure precise, effortless control.

Contour Touch

Relieve shoulder strain and boost performance with Contour Touch and Balance Full-Size Keyboard. A seamless, centered ergo pairing built for all-day comfort, control, and efficiency.
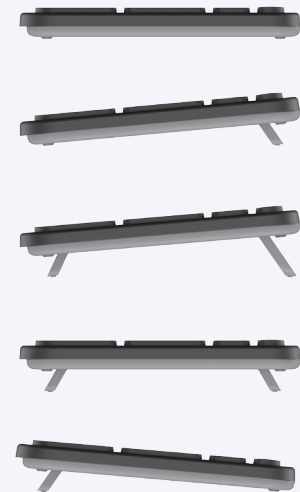

Customize up to 18 different shortcuts with Contour's free software

Made with 92% recycled plastic

Snap Balance Keyboard and your centered mouse into place with SnapLinks to enjoy a stable, streamlined setup that reduces the strain of reaching for a standard mouse.

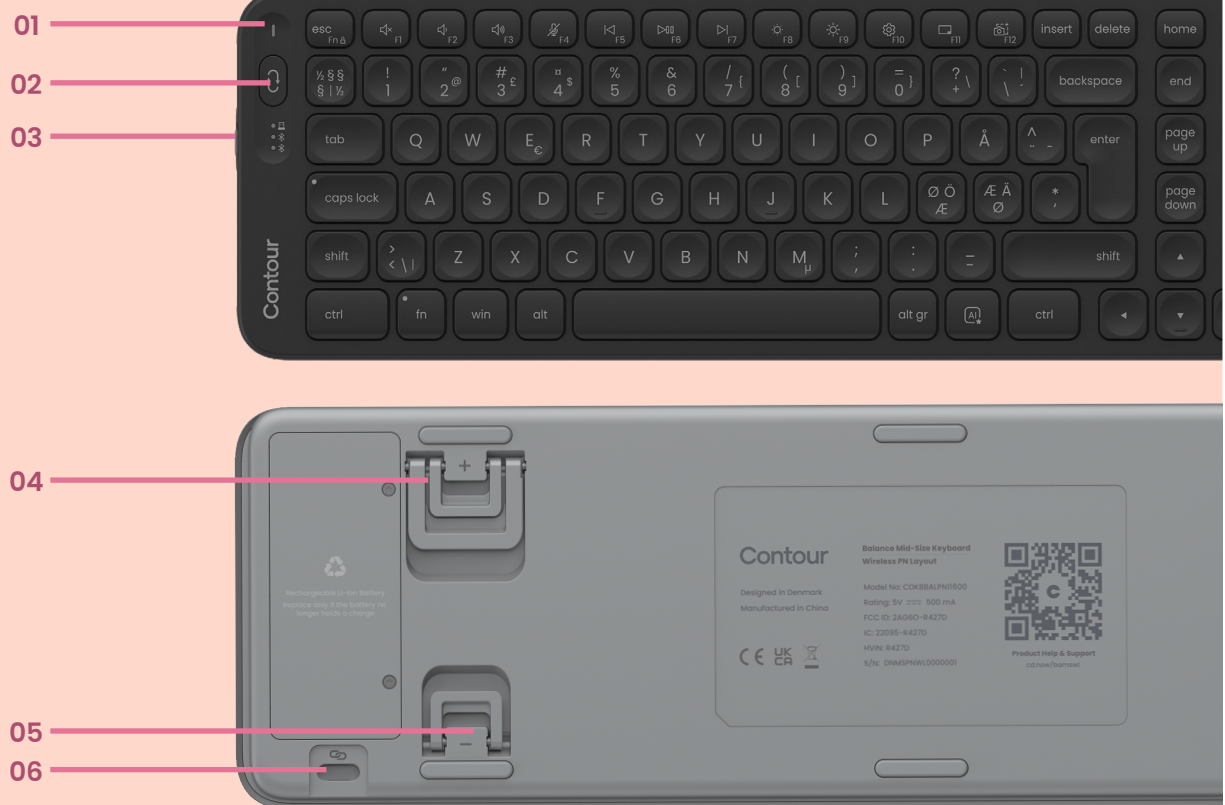

Five types of tilt to fit your setup, posture and personal preferences

Enjoy comfy, curved keycaps and silent scissor switches for faster, more precise typing that feels effortless.

Plus, the all-new **QuickSwitch** button on wireless set-ups allow you to pair up to 3 different devices, so you can multi-task across PC, tablet, and phone (3 devices) with ease.

01 Battery status LED
Shows power status

02 QuickSwitch button (WL only)
Switch between 3 different paired devices

03 On/off switch
Powers keyboard on or off

04 Positive tilt legs
Front can be raised to fit with different set-ups, or together with back legs for a raised, neutral setup

05 Negative tilt legs
Lower front for negative tilt. Recommended ergonomic setup when using a RollerMouse

06 SnapLink attachments
Snap Balance Keyboard and your centered mouse into place with SnapLinks
